### **SGA August Newsletter**

Gentlemen,

All matches are down to the finals in determining the flight winners for both the SGA Individual and Team Match Play Tournaments. The brackets are up to date and can be viewed by clicking on the quick links below. Once the flight winners are determined, The finalist will square off to determine both the overall SGA Individual Match Play Champion and the SGA Team Match Play Champion. Good luck to everyone that is still in the hunt.

As you may have seen on the SGA schedule, the CASMGA group officially canceled all remaining interclubs. Hopefully, next year things will be back to normal and everyone will have the opportunity to play in some interclubs.

So far, we have held three SGA "Play with the Pro" events. The team of Morgan Johns, John Lennon, Chuck Kavcsak, and Rick Rollinson put up an impressive score of 124 in July's event. All team members played well that day, including Morgan, who carded a thirty-one one the back nine for a sixty-eight. Please sign up below if you would like to play in one of the two remaining events.
