

## **2013 SGA Proposal**

November 27, 2012

Over the past few years participation in our Tuesday games have been reduced dramatically to the point of non existent. We believe there are several reasons for this including not always playing with your friends, the games not being flighted and possibly early tee times.

Upon discussion with the Pro Shop they have developed the attached proposal on which we are soliciting comments especially from groups that are playing their own games on Tuesday and golfers who would like to play on Tuesdays. The SGA officers have reviewed the proposal and we are very much in favor of it. We plan on implementing it in mid March 2013 but are very much open to suggestions.

Your comments please!
